Poster Guidelines:

- Required Size = 36” x 48” (3 ft. x 4 ft.).
  - Individual sheets of paper or hand-made posters are not acceptable formats.
  - If your poster has already been printed and is a different size than the required size (or if your discipline has different size requirements), please contact Dr. Fried (CRS). In this case, it will be your responsibility to provide foam backing large enough to adequately display your poster.

- Easels, foam board, and binder clips will be provided for your poster to be displayed. You can have your poster mounted on foam board, but this is not recommended.

- Choice of Black-and-White or Full Color is up to you.

- Use either the landscape or portrait template. Also, see the examples provided here for inspiration. PowerPoint can often be set up to be a great program for creating posters.

- Posters should be brought to the staging area in the Student Union on Wednesday, July 25, 2018 before 8:00am. The posters will remain on display until the end of the Research Symposia (approximately 1 pm). Posters that are not removed within a timely manner after the poster session will be discarded.

Frequently Asked Questions:

1. Where can I print my poster?

   Talk to your mentor to get your poster printed. If a poster printer is not available in your department, REPROS (http://aux.uncc.edu/copy-print) can do it for you at a small cost.

2. How large should the text for the poster be?

   The poster should be easily readable from a distance of 6 feet.

3. Can I get more help on how to create a poster presentation?

   Consult with your advisor or other faculty on your design. Also, checkout NC State’s website entitled: Creating Effective Poster Presentations (http://www.ncsu.edu/project/posters/)
